

Club Members' Resolution

Date: 3rd February 2025

Subject: Development and implementation of safe and transparent voting system.

We, the undersigned members of Coombe Wood Lawn Tennis Club (CWLTC), having considered the need to discuss current decision-making procedures, hereby resolve as follows:

Given the substantial pressure on members during the vote on very important matters without providing details, without giving members enough time to make their minds if they agree or disagree with it, we propose to build and implement new voting system which will provide safe voting environment and will protect the member's right to run our club and to own our club.

We propose that all such big changes to be halted until new voting system is in place.

Implementation and Notice Period

We propose that:

- (a) The Secretary be instructed to prepare and distribute a notice to all Club members, informing them of this resolution and the proposed changes.
- (b) The Secretary include this resolution on the AGM agenda and provide an opportunity for a designated undersigned member to present it.

This resolution is submitted by the undersigned members:
